This annual index cumulates the author indices of the 1982 issues of Book Reviews of the Month. Unlike earlier years, citations in the annual index will lead the user directly to the citation for the books review itself instead of refering the user to the monthly issue. We have retained the Dewiy Classification number to indicate to those familiar with the classification system something of the book's subject matter. Books without a classification number are indexed here for the first and only time.

HOW TO USE THIS INDEX

1. Look up the book by it's author or editor.
2. If found, copy down the bibliographic citation, for a list of journals and their abbreviations, consult the next page.
3. Retrieve the journal. Since this index is based journals received at Southwestern Baptist Seminary, users, may, if necessary, obtain copies of reviews from here through inter-library loan.
4. For reviews published before 1982, consult earlier years of the index.
